Assistant Commissioner for Patents
Washington, D.C. 20231

10 May 2002

Sir:

Supplemental to the Preliminary Amendment filed with the above-identified application on 21 February 2002, and prior to calculating the filing fee, Applicant respectfully submits the following amendments and remarks.

IN THE CLAIMS:

Please cancel original Claim 1, without prejudice or disclaimer (original Claims 2-10 were previously cancelled without prejudice or disclaimer in the Preliminary Amendment filed with the application on 21 February 2002).

Please enter new Claims 11-14, as follows.

11.(New) A recording/reproducing apparatus, comprising:

a recorder/reproducer which records/reproduces a video signal and a recording media identification signal including an identification signal unique to said recording/reproducing apparatus on/from said recording media;

a memory which stores said recording media identification signal and a record list of the video signal recorded on the recording media;
